

INDUSTRIAL RESTRUCTURING OF SANLIURFA PROJECT

Strategic Sector Scan Workshop (23 June 2009)

The “**Information and Consultation Workshop for the Future of Şanlıurfa’s Industry**” has been arranged on 23rd June 2009 in the premises of the Şanlıurfa Chamber of Trade and Industry to share the interim results of the *identification of industrial sectors having strategic priority for Şanlıurfa* held under **Industrial Restructuring of Şanlıurfa Project**, which is being implemented in scope of the European Union – Turkey Pre-Accession Financial Assistance Programme.

At the workshop, which has been held with the participation of major institutions such as Ministry of Industry and Trade, Governorship of Şanlıurfa, Municipality of Şanlıurfa, Harran University, UNDP and other main key stakeholders of the project, the results of the sector scan activity implemented to identify the strategic sectors that will trigger the socio-economic development of Şanlıurfa has been shared with the participants. A panel has also been organized in the fields of Textile, Renewable Energy, Agri-Business, Woman Entrepreneurship and Social Equity within scope of the workshop. A high attendance has been provided from businessmen and NGO representatives to the workshop.
