## NOTES

- a Estimates maintained by the IDMC are based on various sources and are associated with high levels of uncertainty.
- b Higher figure includes an estimate of internally displaced Bedouin.
- c Data refer to a year or period other than that specified.
- d Figure includes 206,000 registered IDPs in Serbia plus an estimated 20,000 unregistered Roma displaced in Serbia and 21,000 IDPs in Kosovo.
- e Figure includes forced migrants registered in Ingushetia and Chechnya.
- f Figure includes 32,000 Palestinian refugees displaced as a result of fighting between Lebanese forces and Fatah al Islam in May–August 2007.
- g Including Palestinian refugees under the responsibility of UNRWA (2008).

h Figure refers to those displaced from Nagorno Karabakh and seven occupied territories.

i Some 59,000 people displaced since the August 2008 crisis have not been able to return. There are some 221,597 IDPs based on the result of a survey conducted by UNHCR and the government but these are yet to be endorsed.

j There are no reliable estimates but in 2002, the EU estimated the number to be 100,000.

k Figures are suspected to be underestimate.

l Lower figure relates to IDPs evicted by home demolitions in Gaza between 2000 and 2004 whilst higher figure is cumulative since 1967.

m Figure relates to the eastern border areas only.

n Exact IDP numbers are unknown but conflict induced displacement has taken place in the North-West Frontier province, Baluchistan and Waziristan.

o Figure refers to IDPs in Cabinda region only.

p Figure takes into account the government's return programme which claims that some 172,000 displaced due to the post-election violence returned in May 2008.

q Figures are based on separate estimates for Darfur, Khartoum and Southern Sudan.

r Excludes IDPs in urban areas.

s Figure includes an estimated 250,000 civilians who fled their homes in North Kivu due to fighting between the national army and CNDP rebels.

t It is believed that there are more than 200,000 IDPs.

u Data are aggregates from the original data source.

v Figure is cumulative since 2001 and includes 1.5 million people displaced due to a rise in inter-communal violence since February 2006.
